SUBJECT: Direct Procurement Request for SIM Cards and Airtime for NFIS Main Survey

1. PURPOSE

The purpose of this memorandum is to request approval for the procurement of 52 SIM cards and airtime to be used during the Namibia Financial Inclusion Survey (NFIS). These resources are essential for field staff to transmit survey data efficiently and maintain communication throughout the exercise.

2. JUSTIFICATION FOR DIRECT PROCUREMENT

Team supervisors require SIM cards with sufficient data and airtime to synchronize survey data with the central databases. Field teams operating in all 14 regions, require seamless connectivity for coordination, troubleshooting and updates. The NFIS main survey commences on 04 October 2025 to 04 November 2025 and immediate procurement is required to avoid disruptions in data collection. Here attached to this memo is a quotation for acquisition of the required airtime with management & activation fees from Simcontrol's online platform that one NSA uses to acquire and distribute the airtime centrally across the country.
